

Name	City/Municipality	Running For:	District:
Brandon Tozzo	Kingston	Councillor	Kingscourt-Rideau
Will you promote municipal policies and investments that create and maintain good stable and fairly paid jobs in our community? Yes/No			
Yes			
If elected, what specific action will you take to fulfill this commitment?			
Yes, I've advocated for decent wage increases across the corporation. I've worked so city jobs aren't contracted out and spoken out against the province privatization recycling			
Will you oppose the sale of public land and the corporatization (decision-making in the hands of a board independent of city council) out of municipal services when those services can be effectively delivered by municipal employees? Yes/No			
Yes			
If elected, what specific action will you take to fulfill this commitment?			
Absolutely. I've fought to keep road repairs from being contracted out when possible and passed a motion opposing the privatization of recycling by the Ford government. I've put motions forward committing the city to maintain ownership of public organizations and have reigned in arm's length organizations and brought them back under municipal control. I'd like to do this across the board			
What will you do to make housing more affordable? Affordable to whom?			
I'd like to see two affordable housing projects get built that are waiting on federal funding. I'd like to mandate inclusive zoning to force private landlords to include affordable units in multi residential buildings. I'd like to see two affordable multi residential buildings get built that will add over 100 units. It's waiting on federal money. I'd like inclusionary zoning to mandate developers have affordable units.			
Talk about your approach to homelessness & investing in social housing.			
We need more. The city has built 185 transitional units and 189 affordable units. We need to invest further to help the unhoused. We need to approach the homelessness crisis with empathy.			
Will you stand up for workers' rights and safe, fair workplaces? Yes/No			
Yes			
If elected, what specific action will you take to fulfill this commitment?			
Yes, I've met with Library union workers firefighter union leadership and the leadership of CUPE at the City. They know I'm their ally.			
Will you support using public dollars in ways that strengthen public services, support good local jobs and provide the greatest benefit to the local community? Yes/No			

Yes		
How will you make sure public dollars support strong services, good jobs and our local community?		
Investing in public services, especially public transportation and libraries. We need better public transit and we have a service review coming back. I'll fight for better transportation. We need to stop privatization. It's more expensive.		
What is your position on the use of Section 107 of the Canadian Labour Code and government intervention during legal strikes?		
It should be against the Charter.		
Will you support municipal policies and services that promote equity, inclusion, accessibility and equal opportunity for all members of our community? Yes/No		
Yes		
If elected, what specific action will you take to fulfill this commitment?		
Absolutely. I'd like to increase the amount of barrier free days at municipal centres: no cost, open to all and work with partner organizations to provide free food. Especially targeting at risk kids.		
Will you advocate for the protection of local jobs and programs at St. Lawrence College? Yes/No	Will you oppose reductions in library staffing that results in fewer services or reduced access for local residents? Yes/No	Will you advocate for maintaining reliable accessible door to door mail delivery for local residents particularly seniors, people with disabilities and others who rely on home delivery? Yes/No
Yes	Yes	Yes
If elected, what specific action will you take to fulfill this commitment?		
I'd advocate at our meetings with MPPs and MPs. I've also stood on the picket line with CUPW and OPSEU workers during job actions. I show up.
