Lisa Ross-Black	Stone Mills	Councillor	n/a
Will you promote municipal policies and investments that create and maintain good stable and fairly paid jobs in our community? Yes/No			
Yes			
If elected, what specific action will you take to fulfill this commitment?			
I would qualify my answer by adding that a balanced approach to job creation is essential. Good, fairly paid jobs at the expense of environmental deterioration, for example, is not a good balance. Opportunities must be assessed based on factual information when presented.			
Will you oppose the sale of public land and the corporatization (decision-making in the hands of a board independent of city council) out of municipal services when those services can be effectively delivered by municipal employees? Yes/No			
No			
If elected, what specific action will you take to fulfill this commitment?			
Making a blanket statement to oppose or agree to anything is a poor decision. In reality, each situation must be closely examined to understand costs, benefits and risks. In general, delivering services locally makes for an income source for residents.
